#### REPORT:

The college organized a six-day workshop on ICT/computing skills focused on "Integrating Big Data and Cloud." Big data and cloud computing collectively represent a paradigm shift in the acquisition, utilization, and management of information technology for businesses. This necessitates equipping all Computer Science individuals with foundational knowledge in this collective paradigm and providing hands-on experience in deploying and managing big data applications in the cloud. During the workshop, students gained insights into the following areas:

- Formulating ideas to design intelligent and interactive systems.
- Exploring opportunities for studying and learning online.

DAY 2 (DATE AND TIME)	25/04/2023 [10:00 – 13:00 and 14:00 – 17:00]

**REPORT:**

The college organized a two-day workshop on soft skill training focused on "Team Building and Collaboration." The aim for students is to learn and foster team spirit while working together. Team building encompasses various activities aimed at enhancing social relations and defining roles within teams, often involving collaborative tasks. Team collaboration occurs when team members unite to achieve shared business goals. As each member of a collaborative team possesses a unique set of skills, they can approach problems from diverse perspectives, leading to more creative solutions. Therefore, their collaborative efforts assist them in working towards common goals such as:

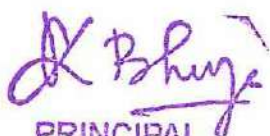

- Improved Communication
- Enhanced Problem-Solving Skills
- Identification of Strengths and Weaknesses
- Development of Leadership Skills
- Unlocking Creativity

#### REPORT:

The college organized a two-day life skills workshop focusing on "Anger Management." Anger, considered a normal and healthy emotion, conveys messages about upsetting, unjust, or threatening situations. However, chronic anger that escalates uncontrollably can adversely affect physical health, mental well-being, career, and relationships. During the workshop, students learned strategies to manage anger effectively, including:

- Practicing thinking before speaking, to avoid saying things that may be regretted later, especially in the heat of the moment.
- Expressing concerns calmly once emotions have settled.
- Engaging in physical exercise to release tension and promote relaxation.
- Taking a timeout to cool down and regain composure during moments of intense anger.
